

CITY OF GREENSBURG
RIGHT-OF-WAY PERMIT APPLICATION FOR
TELECOMMUNICATIONS COMPANIES IN THE CITY OF GREENSBURG

The undersigned hereby applies for a Right-of-Way Permit pursuant to Ordinance
No. 1646, the Code of the City of Greensburg.

1. Name of Applicant: _____

2. Address of Applicant: _____

3. Contact Person for Applicant:

Name: _____

Address: _____

Phone: _____

Fax: _____

Email: _____

4. Is the Applicant applying for a new Right-of-Way Permits or a renewal of
an existing Right-of-Way Permit?

New _____ Renewal _____

5. Please provide a description of the telecommunications service of services currently offered or proposed to be offered the Applicant through the City's rights-of-way. (Applicant may use separate sheet for answer.)

6. Please briefly describe the telecommunications equipment which the Applicant currently maintains or proposes to install and maintain the City's rights-of-way. For purposes of the Application, "equipment" means any tangible property located or proposed to be located in the rights-of-way, including, but not limited to, wires, lines, cable, conduits, pipes, radios, supporting structures of other facilities. (Applicant may use separate sheet for answer.)

7. Please provide an illustration (sketch or photograph) of the Applicant's equipment located or proposed to be located in the City's rights-of-way.

8. Is the equipment installed or to be installed in a manner that is aerial, underground or both?

9. If the equipment is installed or proposed to be installed in an aerial manner, please indicated whether the Applicant has in its possession a written agreement or agreements with appropriate public utility companies or other companies which own the poles to which Applicant's equipment is or will be attached. If so, please provide copies of such agreement(s) or written confirmation of the same.

10. If the equipment is proposed to be installed underground, please indicate whether applicant has received a construction permit from the City for such installation.

11. If the equipment is proposed to be installed in the City's rights-of-way, please provide a detailed plan for installing such equipment. Such plan must include the nature of the installation work, specific locations for the installation work, when work will commence, duration of the work, name and address of contractor performing the work, and background and experience of each employee performing the work. (Please use separate sheet for answer.)
12. Please provide information regarding maintenance and repair requirements for Applicant's equipment in the City's rights-of-way. Such information should include frequency of maintenance and repair and actions necessary to provide such maintenance and repair.
13. Please provide a map showing horizontal and vertical locations of existing or proposed installation of equipment in the City's rights-of-way. If Applicant is applying for a renewal of an existing Right-of-Way Permit, please describe any additions or deletions of such locations which have occurred in the previous year.
14. Please provide evidence of any performance bond required by the City.
15. Please indicate whether Applicant has applied for and received any and all regulatory approvals, permits or authorizations from appropriate federal and state authorities, if required. Please submit written evidence of its applications for or receipts of all such approvals, permits or authorizations. (Applicant may use separate sheet for answer.)

16. Please provide a statement as to whether the equipment installed or proposed to be installed in the right-of-way will or could have a detrimental effect on public safety as it relates to such rights-of-way. (Applicant may use separate sheets for answer.)

17. Please remit payment for application fee for the Right-of-Way Permit.
