\*\*\*PLEDGE OF ALLEGIANCE\*\*\*Mayor Silvis

\*\*\*BIDS\*\*\*Solid Waste, Recycling and On-Call Door-to-Door Household Hazardous Waste (HHW) and Electronic Waste (e-waste) Contract. Ms. Trout, "Seven interested vendors requested specifications to bid on the City's contract which expires with Waste Management of Pennsylvania, Inc. on December 31, 2013. A highlight of the new contract is that it incorporates on-call, door-to-door e-waste and HHW collection for residents that will be included in their quarterly rate. Bids were accepted until 10:00 a.m. on Friday, December 6<sup>th</sup>. Only one bid was submitted. I recommend Council accept the bid from Waste Management. Their bid meets all the requirements of the specifications. The residential rate increases from \$14.75 to \$15.80 per month for years 2014 and 2015 and then to \$16.49 per month for years 2016 and 2017. The same discounts still apply to the agreement including a 15% discount for senior citizen head-of-households; and a 2% discount for one (1) annual payment. A Waste Management representative will be here January 23, 2014 to collect payments at City Hall. The new contract and new rates including commercial rates will be posted on the City's website once accepted. Al Pasquarelli is here as a representative of Waste Management and may want to address you prior to the vote."

Al Pasquarelli, Municipal Representative, Waste Management of Pennsylvania, Inc., "Members of Council and Mayor Silvis, as Sue stated we responded to the bid and we're hoping that Council votes on this contract this evening. Waste Management, with January 1st right around the corner, we like to get everything situated for the new contract to take place. My name is Al Pasquarelli and I'm the Municipal Representative for Waste Management. My function is basically to act as a liaison between Waste Management and the municipalities we service that are within my geographic region. I work very closely with the girls at the office and Sue, and there are probably about 70 people who work with the City of Greensburg with helpers, drivers and everyone at the office. My function is if we have a billing issue or service issue that gets escalated I'm the primary contact for Sue and the girls at the office. That's where I come in. Just for example, a couple of years ago we did have a billing mishap with commercial accounts in Greensburg. It was brought to our attention we were overbilling some accounts so I got involved with Sue and we worked very diligently with our billing department and we conducted an internal investigation. We did find that we were overbilling certain accounts which we addressed right away. We contacted those customers, issued credits and got their refunds established and got their accounts current. Through that same investigation we found that we were under billing many accounts. Those we did not go back and collect money; we just got those accounts current and sent notification to those business owners. Sue did mention that this new contract does include e-waste and HHW collections. This is a program Waste Management got in front of about three years ago when Governor Rendell passed the new Bill before he stepped down from office that there would be no electronics waste thrown in Pennsylvania landfills. We went out and made an acquisition to be prepared for this so we could offer municipalities and residents a solution to get rid of these materials. We've been offering this

service for about 11/2-2 years. About 44 municipalities have come on board with Waste Management and I'm not going to get too detailed about it, but the way the program works is effective January 1<sup>st</sup> if you're a resident of the City of Greensburg and have a TV, computer monitor, batteries, fluorescent tubes that contain mercury or anything that's labeled HHW or electronic waste, all you'll do is call a 1-800 number at Waste Management, which is separate from the trash 1-800 number; this is a totally separate entity, and you'll describe the contents you want to dispose of and the technician on the phone will take your name, phone number and address and schedule a collection date approximately two weeks out from the call. We're going to try to coordinate about 25-30 pickups when we dispatch the truck; it's not the trash truck that will show up in Greensburg, it's a Department of Environmental Protection (DEP) approved box truck. These items cannot be placed at the curb so the resident will have to explain if they'll put it on the front porch, back porch or in the driveway. Each resident that places that call will receive a kit and in this kit, and I'm not going to go through it now, but basically it's a big 40pound almost, zip-lock type bag that's DEP approved. There will be instructions to place the smaller contents such as batteries, empty paint cans, garden chemicals and household cleaners all in the bag. The bigger items such as TVs and computer monitors you'll be instructed to place those beside the bag. On the service date, two or three weeks out, we'll show up at that resident's property, the technician will safely place those materials on the DEP-approved truck, take their collections and transport those items to a DEP-approved facility in McKees Rocks, PA, where everything is palletized; everything is source-separated. What we found is this is basically an extension of your recycling program because 90% of the materials that are being collected in these municipalities are recyclable; even the fluorescent tubes. We strip them and break them down; the glass is recyclable and the aluminum end caps are recyclable. If the City wishes we could do this on a quarterly basis, but we've been providing an annual, itemized report of everything we have collected so you can see how many TVs or computer monitors were collected. Like I said 90% of these materials are recyclable so you can add those recycling numbers to your State report. So this basically acts as an extension of your current recycling program. Any questions?"

Mayor Silvis, "There is no additional charge for this?"

Mr. Pasquarelli, "This is already built into the monthly rates."

Mayor Silvis, "You said batteries?"

Mr. Pasquarelli, "Batteries, yes. Batteries are considered a HHW. Any questions? And if Council awards this tonight, we will take care of the educational piece that goes out to all your residents. They will receive a one-page flier explaining the program along with the 1-800 number, which will also be supplied to Sue to place on the website."

Ms. Trout, "Thank you, Al."

Councilman Eger MOVED to approve the bid from Waste Management of Pennsylvania, Inc., and Councilman DePasquale SECONDED. No further discussion. Roll call vote was taken. All voted unanimously to approve the bid from Waste Management of Pennsylvania, Inc.

#### \*\*\*COMMENTS/BUSINESS FROM THE FLOOR\*\*\*

- a. Health Care District. For the record no one approached the podium to offer any comments concerning the Health Care District. Councilman DePasquale's remarks on the Health Care District are attached.
- b. Other Comments/Business From the Floor. Paul Stanko, 127 Westminster Avenue, Greensburg, PA, "I live on this street and there's a church on the corner and mostly on Sundays they park on the street and I have trouble finding a space. I didn't know if they have their own

lot or if they could park somewhere without taking all the parking spots on the side streets, I guess."

Mayor Silvis, "We don't enforce on Sundays, do we?"

Chief Lyons, "We do for some parking regulations, but generally speaking churches are an exception to the rule. We generally don't ticket churchgoers for Sunday morning services because of the unavailability of parking. Probably a better solution; have you talked with the minister at the church?"

Mr. Stanko, "No, I haven't."

Chief Lyons, "I can do that this week and maybe he can address the congregation about not parking up Westminster Avenue during church services and leave some of the parking for the residents. I will call him and address that with him this week and see if that can help solve the problem for you. If not, I'll call him in the office and we'll see if we can come up with some solutions for your parking problems, okay?"

Mr. Stanko, "Alright, thank you."

Chief Lyons, "Thank you."

James Schuck, 618 State Street, Greensburg, PA, "I'm usually here pertaining to a parking problem, and recently it came to my attention that the Westmoreland Community Action building has subleased their building to a computer firm and they moved in and their name is LV Tech. From the Special Exception that was granted by the Zoning Hearing Board in 1995 they weren't supposed to do any of that. There was only so many spaces that they had as far as parking goes and I just wondered what's up with that. They've also put up signs in the parking lot saying 'For Employees Only-Violators Will Be Towed'. One of the motivations for me to come was somebody from their Board of Directors, I think it was their Finance CEO, came over to my neighbor on the Friday after Thanksgiving and said he had to move his truck or it would be towed. Now we've always as a neighborhood parked in that lot when the building is closed and there's nobody around. And the guy just got out of the hospital with a brain tumor and he's arguing with him saying I don't care about that and you better move your truck now. I just wondered what all is going on there."

Solicitor McArdle, "That's a planning issue and we will look into that."

Ms. Ciampini, "Mayor, this is the first I'm hearing about it."

Solicitor McArdle, "She can check into that."

Mayor Silvis, "We'll definitely check into that."

Mr. Schuck, "This LV Tech truck, we have a sign at the corner of State and Westmoreland that says 'No Parking From Here to Corner' and they'll park two extra vehicles there hanging out onto State and you can't see to make the turn. One day he parked the truck at the point, I don't know if you're familiar with where Westmoreland and Morrison come together, about five feet from the curb at the point, so I'm concerned as to why this is in here and the parking problem which is continual."

Mayor Silvis, "We will definitely check that out."

Mr. Schuck, "I appreciate it. According to this a number of statements made in this Special Exception didn't allow for that."

Mayor Silvis, "Thank you."

Mr. Schuck, "Thank you."

Councilman DePasquale-See Health Care District Report presented earlier in the meeting.

Councilman Finfrock, "We start out not quite so good. The revenues are at 97% of the budget. That's 3% lower than revenues were at November 2012. However, this is your good news; expenses are at 79% of the budget and this is 5% lower than last year, so we're running well ahead of last year and we're in very good financial shape. I think the Administrators and Supervisors deserve some congratulations for the good job they've been doing through the year, and we'll end very well this year."

- c. Holiday Parade. Ms. Trout, "The 22<sup>nd</sup> Annual Holiday Parade held on November 23<sup>rd</sup> was a great success. ## \*\*\*FAREWELL TO COUNCILMAN DEPASQUALE\*\*\*

Mayor Silvis, "I can't believe this is December already. We're losing a Councilman that has really worked for the City; you were Treasurer at one time, weren't you? You've done a lot for the City and certainly we hate to see you go, Rob, because you've added so much to the City. I would say to any member of this Council you know do what you will and as long as it's good for the City I will support it and I will give you credit for it. That's why we're here for the City of Greensburg and you will truly be missed. On behalf of City Council, the people who work at City Hall and the citizens of Greensburg I would like to present you with this."

At this time Mayor Silvis presented Councilman DePasquale with a glass bank.

Councilman DePasquale, "Before we adjourn, Mayor, this is my last Council Meeting and I just wanted to take this opportunity to say goodbye and thank everyone. Between my time as City Treasurer and the time as Councilman, I have sat up here for a total of 10 years and I hope I've made a contribution. While it's been an honor to work with my elected colleagues and City management team, 10 years is enough. Good luck to Jonathan Vesely as he takes this seat next month. I've lived all my 60 years in the 15601 zip code and 53 of those 60 years within the City limits. Like most people I never thought much about municipal government. Yes, I enjoyed the parades, the concerts in the park and I was grateful when the snow was cleaned and my leaves were vacuumed away. On three occasions it was necessary for the fire and police to be dispatched to my house, and it was on those occasions that you truly value what they do. But it was not until I got involved that I understood the complexity of the operations necessary to successfully run a City. The longer I sat up here these last 10 years and the more I worked with the City management team the more impressed I was with their competence and dedication. I had dinner last week with some CPAs that was somewhat business but mostly social. During the conversation one of them said to me that I must be doing a good job because every time he picks up the paper another local municipality has major financial issues but Greensburg just keeps moving forward. I told him that while we as elected officials participate, by a wide, wide margin the current success and the strong financial position of this City comes from the daily diligence of the City management team and staff. So before I make one last motion to adjourn, I want to

December 9, 2013 - 9

thank my elected colleagues, past and present, and especially the City team for its work to try to make Greensburg the best place to live in America."

Mayor Silvis, "Can I say something before you adjourn? We're neighbors so if that hill is not cleaned off you call either Rick or Les; don't call me. Call one of them."

\*\*\*ADJOURNMENT\*\*\*Councilman DePasquale MOVED to adjourn the meeting. SECONDED: Mayor Silvis. Unanimously all voted in favor to adjourn.

RESPECTFULLY SUBMITTED:

Susan M. Trout, City Administrator

ame

The City of Greensburg designated portions of the 5th and 6th wards situated west of the downtown for more detailed planning to guide future public and private investment. This area of the city, designated the **Health Care District** because of its location around Excela Westmoreland Hospital is situated at the western gateway to the downtown and includes several residential neighborhoods. Much of the district is highly visible to those approaching the downtown on Pittsburgh Street from Route 30. First impressions of Greensburg are of a city that has suffered disinvestment with vacant buildings, parking lots, and rundown properties. At the same time, with the revitalization of the downtown, the strength of the hospital, Seton Hill University (SHU), and the historic residential areas, this area is receiving increasing interest from investors and private development.

The city and the consultant team conducted a public planning process from May of this year through today, involving the participation of over 100 citizens to explore opportunities and ideas for improving the district. This collaboration of planning consultants, the steering committee, city officials, and the community resulted in the formulation of a framework for future planning in the area.

The purpose of the **Health Care District** was to create a land-use plan and a zone of economic prosperity that increases private and public investment, enhances the charm and character of residential neighborhoods, encourages the growth of existing businesses while attracting new, and enhances the connectivity between downtown and key institutions and I do believe that the plan before us accomplishes that mission.

The plan breaks down the **Health Care District** area into smaller districts: the Arts District, the Industrial District, the Health Care

District, and three neighborhood Districts, the Greenview District, the Ludwick District and the 5<sup>th</sup> Ward District. Each district has its own set of objectives. This plan will aid the City Planning Director, Barb Ciampini and Steve Gifford, Executive Director of the Greensburg Community Development Corporation in their quest to redevelop, revitalize, and preserve the residential components to make this area a healthy place to live, work, play and learn. It provides the framework for the future and acts as a "tool box" for development possibilities.

## Recreation Report - December 2013

The Recreation Department is accepting registrations for Session 3 of the ISI Learn to Skate program and the ISI Tot program. This session will start on January 2<sup>nd</sup> and it runs for 6 weeks. These programs are held on Thursday evenings and the fee is \$45.00 for each one.

The Kirk S. Nevin Arena will be offering additional Public Session skating times between Christmas and New Year's day. Please call the recreation office for those days and times or you can check the City's website. Also, public session passes are available at the recreation office and they can be a nice gift for this Holiday Season. You can save \$20 when purchasing a pass.

Mt. Odin Golf Course and Pro Shop will be open until December 31 and then it will reopen on March 1, 2014. Anyone wanting to purchase a 2014 season membership during January or February may do so at the recreation office Monday thru Friday from 8:00 to 5:00pm.

### REPORT FOR COUNCIL MEETING - 12/9/13

- The final day for leaf collection was last Wednesday. All of the vehicles used for collecting leaves have since been converted over for snow removal. The Street Department now has the full compliment of seven (7) salt trucks ready for service.
- Leaf collection went very well this year. Our crews spent 32
  workdays collecting leaves using the Street Sweeper and three
  (3) vacuum trailers. It is estimated that over 500 tons of
  leaves were collected from the neighborhood streets and were
  disposed of at the landfill.
- After experiencing the first snow fall on Tuesday, November 26<sup>th</sup>, it became necessary to order road salt to replenish our stock pile. An order of 300 ton was received by Wednesday. This was the first time in 11 years that an order for salt was placed during the month of November.

## CITY COUNCIL MEETING MINUTES Monday, November 12, 2013 7:00 p.m.

Mayor Silvis called the meeting to order at 7:00 p.m. City Administrator, Susan Trout, took roll call with the following members present: Councilman Eger-via phone, Councilwoman McCormick-via phone, Councilman DePasquale, Councilman Finfrock and Mayor Silvis. City Solicitor, Bernard McArdle, and City Treasurer/Fiscal Director, Mary Perez, were also present.

#### \*\*\*PLEDGE OF ALLEGIANCE\*\*\*Councilman Finfrock

\*\*\*MOMENT OF SILENCE\*\*\*Mayor Silvis, "Saturday and Monday I had the opportunity to attend three functions for our veterans. At this point I would like to have a moment of silence for Dr. JoAnne Boyle, who was the President of Seton Hill University, who passed away last week, and for our veterans and those currently serving."

#### \*\*\*2012 AUDIT REPORT\*\*\*

Jeffrey P. Anzovino, CPA, MSA, Deluzio & Company, LLC, "We are the independent auditors for the City of Greensburg. I'm here tonight with my audit supervisor, Cole Beehner. Cole was the supervisor and managed the audit for the City this past year. I'd first like to thank the City for giving us this opportunity to serve as your independent auditors. We went over the audit report in detail with Councilman Finfrock, the Mayor and management of the City, so I'm not going to spend this time to go over detailed information about the audit. However, what I would like to say is that the audit report will be an unmodified opinion; that is the highest level a CPA firm can provide. For lack of a better term it's a clean opinion for the City as it was in the prior year. Obviously with the amount of financial information that goes with this audit report I can't give a speech in two seconds, but I would like to say overall the fund balance for the City had a modest increase this year and there were no material significant changes I need to report to Council at this time. So unless anybody has a specific question, thank you very much." Mayor Silvis, "Thank you."

Councilman DePasquale **MOVED** to approve the audit report as presented, and Councilman Finfrock **SECONDED**. No discussion. Roll call vote was taken. **All voted unanimously to approve the audit report**.

- \*\*\*PROCLAMATION\*\*\*'Small Business Saturday', November 30, 2013. At this time Mayor Silvis read a proclamation announcing Saturday, November 30, 2013, as 'Small Business Saturday' in the City of Greensburg. See attached.
- \*\*\*COMMENTS/BUSINESS FROM THE FLOOR\*\*\*For the record, no one approached the podium to offer any comments/business from the floor.
- \*\*\*APPROVAL OF LAST MONTH'S COUNCIL MINUTES\*\*\*Councilman Finfrock MOVED to approve the minutes from last month's Council Meeting, and Councilman DePasquale SECONDED. No discussion. Unanimously all voted in favor.
- \*\*\*APPROVAL OF MONTHLY BILL LIST\*\*\*Councilman Finfrock MOVED to approve the monthly bill list and pay the bills as the money becomes available, and Councilman DePasquale SECONDED. No discussion. Unanimously all voted in favor.

#### \*\*\*REPORTS OF COUNCIL\*\*\*

Councilman Eger, reported by Councilman DePasquale, "The Recreation Department just completed another successful season with all of our fall sports programs. We offered football, cheerleading, soccer and baseball, and we would like to thank everyone that participated and especially our volunteer coaches. The Kirk S. Nevin Arena is now open for public session on Sunday afternoons from 2:00-4:00 p.m. This has always been a very popular time for families with small children and to have a child's birthday party. You must reserve your birthday party one week in advance. That completes the report from Recreation."

Councilwoman McCormick, reported by Councilman Finfrock, "Leaf collection is ongoing. The Street Department is at work using all three of the vacuum trailers. We are at the peak of the collection period, and with such a large volume of leaves being present in the neighborhoods and now under a little bit of snow and combined with having the off day for Veterans' Day, we have fallen behind in keeping with our schedule. We ask that for anyone who was not picked up on their scheduled day to please remain patient. Our crews are working diligently to service everyone. During the early morning hours of November 1<sup>st</sup> we experienced a windstorm that left several trees down throughout the City. This was most apparent in the Underwood section of Seventh Ward. Street Department crews were kept busy most of the day working chainsaws and our brush chippers to clear several of our streets and alleys. Finally, the street sweeper will no longer be sweeping streets on the 4:00 a.m. to noon work shift. As weather permits the sweeper will be out in the neighborhoods assisting in leaf collection during regular daylight hours. That concludes the report."

Councilman DePasquale, "On Monday, October 28, 2013, the City of Greensburg Planning Commission held a public hearing to present the results of the Health Care District Plan. The meeting was held at the Greensburg Salem Middle School. Over 75 people came to listen to Paul Ostergaard from Urban Design Associates give an overview of a menu of items that could potentially occur in the area. The residents and businesses in the Fifth and Sixth Wards that have participated in this planning effort are looking forward to seeing positive changes in their neighborhoods in the future. The Planning Commission will have the Health Care District Plan on their meeting agenda for Monday, November 25<sup>th</sup>, and a draft of the plan will be posted on the City's website sometime in the next couple of weeks at <a href="www.greensburgpa.org">www.greensburgpa.org</a>. If all goes as planned, City Council will have the Plan on the December City Council agenda, and that concludes my report."

Councilman Finfrock, "The revenues are at 87% of the budget and this is 1% lower than revenues were in October 2012. The expenses, however, are only at 72% of the budget and this is 4% lower than last year, so we're in relatively good shape budget-wise. I would also like to say that tonight we're going to introduce a budget for the upcoming year. For most people the only concern is whether or not we're going to pay more taxes but a budget is much more than that. A budget is a statement of operations; a statement of the vision and a plan for the operation of the City for the next fiscal year. It's not an easy document to prepare. There are friends and supporters that have to be told 'no'. Support for an elected official is not a key to the Treasury; it is merely recognition that the official will use their best judgment and common sense, and to paraphrase Keith Richards and Mick Jagger, 'you can't always get what you want, but sometimes, if you try, you'll get what you need'. There are non-supporters out there as well. For some in that group nothing short of dismantling the entire government will suffice; even acting as a pass-through of inter-agency funds is unacceptable to that group so you have to deal with that as well. A good budget is a working document of a sound, fiscal policy. The City must

be doing something right. Last year we had to raise funds through a bond issue and to establish the interest rate the City had to receive a bond rating from Standard & Poor. Standard & Poor stated that Greensburg had a sound administrative policy with a tax structure that was less than the maximum allowed. Greensburg received a rating that allowed a bond insurance package to be issued at a rating of double 'A' (AA). For those of you who may not be familiar with that, the Federal Government, full faith and credit of the United States, is 'AA+'. We're 'AA'; that's one notch below that. Other municipalities may equal that rating but none exceed it, and we will save thousands of dollars in interest. That's what a strong, conservative fiscal-management policy will get you. Last week the City was ranked in two surveys, 'The Top 10 Municipalities in Pennsylvania'. We are the smallest City on that list and we're the only County seat. We earned that ranking in no small part because of the amenities we provide. The rankings made note of the fact that we have a golf course; they mentioned the recreation facilities at Lynch Field; it mentioned our strong Cultural District and its evidence by working with the museum and Seton Hill University. It mentioned Community Days and the concerts in St. Clair Park. It mentioned trees and open spaces. Almost all of these items, mentioned above, have places in our budget. The proposed budget is roughly \$10.6 million. This is a reduction from the current year. The reduction is that our fiscal footing is so sound that we don't have to borrow funds from other internal sources. We used to play that shell game, which is why revenues are down. When we needed money over here, we'd have to take it from another fund, move it over here, and then when funds came in we would move it back and that budget transfer had to be accounted for. We're not doing that this year and we're not even including it in the budget for next year. Expenditures from the General Fund or direct City tax dollars include collective bargaining wage increases and nominal flat dollar increases for our non-union personnel. Police Pension expenses will pass the \$1 million figure but is satisfactorily funded. This is unlike many municipalities in the Commonwealth and in the Nation which are severely underfunded. We are not. There is a \$5,000 provision for the new County Land Bank that materialized and there's also money in there to upgrade some security cameras. Public safety equipment is not neglected. Two police cars will be purchased out of the Police Equipment Fund which is not supplied with direct City tax dollars. Fire Hall repairs will be done from the Fire Department Capital Equipment Fund which is also not funded by direct tax dollars. Capital improvements at the skating rink and the maintenance building are being paid for out of bond revenues. Projected utility savings will be transferred to the Sinking Fund to pay for the principal and interest on the 2013 Bond Issue. Finally, all of this doesn't happen magically. It doesn't happen because of the elected officials. This budget is the hard work from the City Administrators and supervisors that have to deal with this and make this happen. This City is well-served by all of their efforts. Since all of you asked, with all of those services and amenities, there is no tax increase. Thank you, Mayor."

#### \*\*\*MAYOR'S REPORT\*\*\*

Unbelievable!"

- a. Code, Fire and Police Reports. Mayor Silvis reviewed the Code, Fire and Police Reports. Copies of these reports may be obtained at the respective offices or the City Administration Office.
  Mayor Silvis, "When I read those figures I just wish somehow that the community knew how lucky they are to have the Fire Department and Police Department that we have.
- b. Holiday Parade. Ms. Trout, "The 22<sup>nd</sup> annual Holiday Parade will be held at noon on November 23<sup>rd</sup>, which is the Saturday before Thanksgiving. Also, for your holiday planning purposes, the annual Downtown Greensburg Holiday Open House and Cookie Walk will be held on Sunday, November 24<sup>th</sup>, from noon-5:00 p.m.; and the 46<sup>th</sup> annual

Luminary Night in downtown Greensburg sponsored by the Greensburg Business Association is scheduled for Thursday, December 5<sup>th</sup>, from 5:00-9:00 p.m. Also, tickets are on sale now, by reservation only, for the Academy Hill Holiday Tour of Homes. That will be held on Sunday, December 8, 2013."

- c. Press Release by NerdWallet.com. Ms. Trout, "This was already alluded to in Randy's report but we were notified by NerdWallet, a consumer advocacy website, that they had conducted a study and Greensburg was found to be the Number 2 Best City in Pennsylvania to raise a family based upon the following factors: public school rating; median home value; ongoing cost of homeownership; median income; and economic growth. The Number 1 City was Jefferson Hills; Number 3 was Phoenixville; Number 4 was Broomall; and Number 5 was Lansdale. Again, we hit Number 2, and also as Randy alluded to another consumer advocacy website that studies real estate, Movoto, ranked us Number 8 in Pennsylvania, so congratulations everybody."
- d. American Automobile Association (AAA) 2013 Community Traffic Safety Platinum Award. Ms. Trout, "We're proud to announce that once again, the City of Greensburg Police Department has been awarded the Platinum Award from AAA for our traffic safety programming initiatives. Wally, how many years in a row have we gotten this?" Chief Lyons, "Ten."
  Ms. Trout, "There you go. So congratulations, Police. Good job, Wally."

#### \*\*\*INTRODUCTION OF BILLS\*\*\*

- **BILL NO. 9** AN ORDINANCE OF THE CITY OF GREENSBURG, COUNTY OF WESTMORELAND AND COMMONWEALTH OF PENNSYLVANIA, FIXING THE TAX RATE FOR CITY PURPOSES FOR THE YEAR 2014. Ms. Trout, "The introduction of this Bill is for the tax rate for 2014 with no increase as Councilman Finfrock alluded to earlier."

Ms. Trout, "This Bill introduces the 2014 proposed Budget of all City funds."

#### \*\*\*COUNCIL APPROVAL\*\*\*

Hiring of Police Officer. Ms. Trout, "Council approval accepts the hiring of Robert J. Shapiro as a patrolman with the Greensburg Police Department effective November 13, 2013."

Councilman Finfrock MOVED to approve the hiring, and Councilman DePasquale SECONDED. Roll call vote was taken.

Councilwoman McCormick, "I'm going to abstain. I have thought about this long and hard, and Mayor, I just want to say that I really know how desperately the Police Department needs another patrolman and I have nothing against Mr. Shapiro and that's the problem. I would like to know more about him. I would like to meet the top three candidates before we vote on them whenever they come forth and also be able to read the report on their background. I have some qualms. I had asked to meet him and I'm just going to abstain because I think that's the right thing to do at this time. I do believe the police need and deserve to have another officer according to their contract." Mayor Silvis, "Thank you, Councilwoman McCormick."

No further discussion.

Councilwoman McCormick abstained, and all others voted to approve the hiring. Ms. Trout, "Now, congratulations!"

Swearing-in of Police Officer. At this time Mayor Silvis administered the Oath of Office to Officer Shapiro.

- Agreement between the City of Greensburg and the Golf Professional for the b. Operation of the Pro Shop and Driving Range at Mt. Odin Golf Course. Ms. Trout, "Council approval renews the current agreement which has been in place since the year 2000 between the City and the Mt. Odin Golf Professional for operations of the Pro Shop and the Driving Range. We just had some minor technical changes since it's been so long since we updated the agreement and we felt it was necessary." Councilman DePasquale MOVED to approve the agreement, and Councilman Finfrock SECONDED. No discussion. All voted unanimously to approve the agreement.
- c. Resignation from the Recreation Advisory Board. Ms. Trout, "Council approval accepts the resignation of Michele Cribbs from the Recreation Advisory Board effective immediately." Councilman Finfrock MOVED to approve the resignation, and Councilman DePasquale SECONDED. No discussion. All voted unanimously to approve the resignation.
- d. Slate of Projects Recommended by the Historic and Architectural Review Board (HARB) for Issuance of Certificates of Appropriateness. Ms. Trout, "Aubrey DeStephen is the applicant for two new window signs for Fitness with a Twist located in the Downtown, Historic and Gateway Districts at 41 North Main Street owned by Doug Lingsch."

Councilman DePasquale MOVED to approve the slate of projects recommended for issuance of Certificates of Appropriateness, and Councilman Finfrock SECONDED. No discussion. All voted unanimously to approve the slate of projects.

e. Agreement between the City of Greensburg and The Buncher Company. Ms. Trout, "Council approval accepts the terms of the agreement allowing the City as the tenant of the Buncher Parking Lot to have a contractor install lighting kits in current fixtures on the leased lot in conjunction with the City's energy savings initiative plan. This was built in as part of our Energy Savings Company (ESCO) plan. These are on the lights that we pay the electric bill on."

Councilman DePasquale **MOVED** to approve the agreement, and Councilman Finfrock **SECONDED**. No discussion. **All voted unanimously to approve the agreement**.

- "Council approval, retroactive to November 1, 2013, provides a 3-year agreement in the amount of \$29,400 for the first year; \$30,282 for the second year; and \$31,188 for the third year accepted in equal monthly payments. Preventive maintenance services and onsite repairs at both premium and basic levels include replacement parts for equipment at the Kirk S. Nevin Ice Rink for chillers, cooling towers, pumps, boilers, condensers, air handling units, rooftop cooling and heating units, and lobby duct heaters. This isn't a new agreement. We've had this agreement with Johnson Controls; it's just that it was up and time for a new one. We went back and forth for the last couple of months trying to get wording appropriate, so that's why it's retroactive to November 1<sup>st</sup>." Councilman Finfrock MOVED to approve the agreement, and Councilman DePasquale SECONDED. No discussion. All voted unanimously to approve the agreement.
- g. Agreement between the City of Greensburg and the YMCA. Ms. Trout, "Council approval authorizes the Mayor to execute on behalf of the City a 3-year agreement with the YMCA for their management of the Veterans' Memorial Swimming Pool. Under the terms of the agreement, the YMCA shall provide management of all pool operations to include setting rates and hours; the hiring and supervision of employees; pool maintenance; public sessions; swimming lessons; pool rentals; parties; and all other pool activities. The City shall continue to maintain the pool grounds and be paid an annual lease payment of \$2,500. I want to introduce George O'Brien who is in the audience. George is the Executive Director of the YMCA. We believe, he and I, that this is a great partnership for a local, non-profit in our town as well as the City as their forte of operating a swimming pool nine months out of the year now becomes a full operation at 12 months out of the year. They've proven to be very good at it and I think this would be a prudent financial move for us to contract with the YMCA."

Councilman DePasquale MOVED to approve the agreement, and Councilman Finfrock SECONDED. No discussion. All voted unanimously to approve agreement. Solicitor McArdle, "Sue, we're authorizing the Mayor to sign the final agreement when it's determined. We're at about 90 percent of a written agreement. There's some language that still has to be massaged. I don't think it's anything substantive; more things that lawyers worry about. I didn't have an opportunity to have that done by tonight's meeting but I expect to have it done in the next day or two, and I'd ask Council to authorize the Mayor to sign it when we have a final draft. The substantive terms are as Ms. Trout just indicated."

Councilman DePasquale, "I believe the way she read that motion it said that, but if you would like a separate motion, I'd be happy to make that."

Solicitor McArdle, "I would like that."

Councilman DePasquale **MOVED** to approve the authorization of the Mayor to execute the YMCA agreement when it's in final form, and Councilman Finfrock **SECONDED**. Councilwoman McCormick, "Sue, I couldn't hear them."

November 12, 2013 - 7

Councilman DePasquale, "Councilwoman, what we were voting on was authorizing the Mayor to sign off basically on the YMCA agreement."

Councilwoman McCormick, "I'm sorry; I couldn't hear what Barney was saying." Solicitor McArdle, "We don't have a final, written version yet. We're 90 percent there but I still have to review it once again."

Councilwoman McCormick, "Sure, I understand. It's a good thing."

No further discussion. All voted unanimously to approve the final agreement.

\*\*\*ADJOURNMENT\*\*\*Councilman DePasquale MOVED to adjourn the meeting. SECONDED: Councilman Finfrock. Unanimously all voted in favor to adjourn.

RESPECTFULLY SUBMITTED:

Susan M. Trout, City Administrator

#### \*\*\*COMMENTS/BUSINESS FROM THE FLOOR\*\*\*

James Albert, 611 North Main Street, Greensburg, PA. Mr. Albert, "I'm here as a resident of Greensburg. I wanted to speak for two minutes and ask a question or get some guidance from City Council. I know that Seton Hill and the City have entered into agreements to bring Seton Hill University into the City. It's a great idea and with the properties they've obtained and built and they're going to build another one with the Performing Arts Center, my question is about a Flex Card. I don't know if you're familiar with what a Flex Card is but students at Seton Hill obtain an ID card with a barcode on the back and their parents oftentimes put money into the account; it's called a Flex Account. Most universities permit the students to utilize the Flex Card at local restaurants; at Penn State they can use them at Sheetz. You can't buy alcohol but you can buy all kinds of foods and so forth at local restaurants, so it would be a benefit to the City. I don't know who the liaison person might be or the persons the City has dealing with Seton Hill but I'm asking and I'll give you some background; I personally met some years ago with the Seton Hill University Controller and the ARAMARK representative who provides the food service for Seton Hill. I assured them that the restaurants are not interested in taking business from ARAMARK, however, you have students who are at the Performing Arts Center through the day and now we're going to have another facility down the street, who don't have an opportunity to eat lunch or spend the money their parents have put in, so it's kind of a great idea. I checked with the Rialto and a couple of other restaurants at the time and they said they'd look into it. I checked back with them and a couple of years have gone by and nothing materialized and then other restaurants have made requests. I personally paid for ads to be put in the Seton Hill newspaper requesting they work with us to try and get a Flex Card together and nothing came of that. I know that the students have put together petitions and taken them to the representatives or authorities at Seton Hill and nothing's come of it again, so I thought maybe the City in their speaking with Seton Hill might be the approach I should have taken long ago. It's not benefitting me, but I think it would benefit the restaurants in town and the students if they could spend some of the money. In a sense they're not taking it away from ARAMARK because they're eating in town because they're in town in class. They can have their breakfast and dinner at Seton Hill."

Mayor Silvis, "You know Barbara Hinkle; she does the ID cards and I know they use their cards for dinner, breakfast and so on and so forth."

Mr. Albert, "It comes out of the account."

Mayor Silvis, "I don't know how that goes, but, quite frankly, I never heard of a Flex Card before. It is a good idea and we will pursue that."

Mr. Albert, "If somebody could look at it from the City. You guys probably have a little more clout than a couple of the restaurants checking."

Ms. Perez, "Have you checked recently because I feel like somewhere that I've been recently, and it may have been Mister Bones, there was something sitting on the counter that said Seton Hill Griffins that had a picture and it seemed to indicate they had some kind of an arrangement?" Mr. Albert, "Well, hopefully, that's true, but I know last Friday I went to Charlie's Restaurant and they are going out of business. I asked what's the reason you guys are leaving; is parking the problem? And he said, 'that's the number two problem; the number one problem is we had hoped Seton Hill would work with us and we helped the students get petitions and nothing ever came of it'. That would certainly help the restaurants in town." Mayor Silvis, "We'll definitely look into that."

#### \*\*\*REPORTS OF COUNCIL\*\*\*

Councilman Eger, "The Recreation Department is taking registrations for Session Two of the Ice Skating Institute (ISI) Learn-to-Skate Program which is for ages 5 to adult and the ISI Tot Lessons. Session Two will start November 7<sup>th</sup> and the cost is \$45 for both programs and they run for six weeks. These classes are held on Thursday evenings from 5:30-7:00 p.m. The Kirk S. Nevin Arena offers birthday party packages during any weekend public session. The cost is \$10 per child which includes admission, skate rental, pizza and a soft drink. Please reserve your party at least one week in advance. Stick Time is offered Monday through Friday from noon-1:00 p.m.; on Saturdays from 6:45-7:45 p.m., and the cost is \$7. Public session passes can be purchased at the Recreation Office and you can save \$20 when you purchase a pass. That concludes my report."

Councilwoman McCormick, "All of the asphalt resurfacing work which was planned for this year is finished. The last project was completed on September 26<sup>th</sup>. Since then the paving equipment has been winterized and placed in storage. Today was the start of the leaf collection season and I asked Bob Stiles and the newspaper is going to put our schedule in the paper. It's also available on the website at <a href="https://www.greensburgpa.org">www.greensburgpa.org</a>. The Pennsylvania Department of Environmental Protection (DEP) has scheduled tomorrow as the date when they will be conducting the annual inspection of the Mt. Pleasant and Jacks Run Flood Protection Projects. The new Fire Department aerial ladder truck was delivered to Greensburg on September 19<sup>th</sup> from the manufacturer in Nebraska. I got to see the truck up close and personal and it's a very beautiful piece of equipment; all computerized. I'm glad I don't have to climb that ladder, Mayor. The Fire Department members are currently undergoing extensive training before the new truck will be placed in service which is expected to be another three or four weeks. That concludes the report."

Mayor Silvis, "We are going to have the aerial in the Christmas parade. That is a beautiful machine."

Councilman DePasquale, "We have three things tonight. First of all, the City of Greensburg welcomes Layla Marie, a new hair salon that will open soon at 205 South Main Street. Jennifer Murphy is the new owner of the building and the operator of the salon. Good luck, Jennifer. Secondly, the Westmoreland Museum of American Art is gearing up for their \$15 million expansion. The construction fence has been installed and preparation work has begun. The City issued their Uniform Construction Code (UCC) permit today, and I'd like to add that the permit fee the City received for this project is \$34,522 which is in the October financial report. And, third and last, Seton Hill University is also preparing for another construction project. Tonight's agenda includes the site plan/land development for the new Health Sciences Center. The oncampus center will be a 60,000 square foot addition to Lynch Hall at a projected cost of \$21 million. Today at their ceremonial groundbreaking the center was named 'The JoAnne Woodward Boyle Health Sciences Center' and that's a true honor for the woman with vision who has done tremendous things at Seton Hill over the last number of years, and that concludes my report."

Mayor Silvis, "Several of us were at the groundbreaking today and the amazing thing to me is that they had a video camera there, and she lives in Laughlintown, and they were able to video the whole proceedings right into her house so she could watch that, and I thought that was tremendous."

Councilman Finfrock, "Essentially and substantially it's the same report as last month. Revenues are at 82% of the budget and that's 1% lower than revenues were at September 2012. That would normally be bad news except that expenses are at 62% of budget and that's 3% lower than last year, so budget-wise we're in very good shape. If we can maintain that through the next 90 days, we'll be really good."

Again, if your organization would like to participate, you can obtain a registration form from our website or by calling the Recreation Office at 724-834-4880. Also, for your holiday planning purposes, Luminary Night in downtown Greensburg is scheduled for Thursday, December 5<sup>th</sup>."
- f. Veterans' Day. Ms. Trout, "I want to mention that next month's Council Meeting will be moved to Tuesday, November 12<sup>th</sup>, because City Hall is closed on November 11<sup>th</sup> in observance of Veterans' Day. So I encourage everyone to take a moment on Veterans' Day to pray for those serving in our armed forces today and those who have served in the past. So again those meetings will be moved; the Agenda and the Council meetings will be moved by one day."
