***REPORTS OF COUNCIL***

Councilwoman Sheila M. Brumley, “Thank you, Mayor. Spring 2023 Program Registration is now open. Registration for our travel soccer program ends this Friday, February 17th, so do not hesitate to get your players signed up. Our Spring Soccer Tots Program is now full. All other Spring Programs are still open for registration until March. Our first special event of the season is coming up soon. We will be hosting our “You and Me” dance for all kids, and their parents or guardians on Saturday, March 11th, from 6 to 8:30 p.m. We’ll have a DJ, photobooth and refreshments during this evening of fun and dancing. Give our office a call (724-834-4880), or go online (www.greensburgpa.org) to buy your tickets today. Pavilion rental for St. Clair Park are now available through our Parks and Recreation Office, this also includes Mt. Odin, inside the Kirk S. Nevin arena. Stop in or call our office to rent your desired space. Our office is open from Monday to Friday, 8 a.m. to 4 p.m. We’re wrapping up our ice season at the Kirk S. Nevin Arena. Our last weekend of Public Skate will be this upcoming weekend, February 17th, 18th and 19th. We’re also getting ready to host our annual Laurel Hockey Tournament before wrapping up and closing for the summertime. The Golf Course opens up March 1st, which is only 16 days away. Spring specials for golf include $18 for 9 holes with a cart, and $25 for 18 holes with a cart. This concludes my report.”

Councilman Donnie Zappone, Jr., “Thanks, Mayor. The street crews have collected 189 Christmas trees to date this year. Last year this time we collected 205. This makes a difference of 16 trees from last year that we
collected. These trees were mulched through the chipper and hauled to a dump site, and used for ground cover. With the mild temperature we have been able to put the street sweeper out for a few days to clean up the Downtown area; where some of the debris collects this time of year when the sweeper is usually not in service. As long as the weather remains good, we will continue sweeping where we can. This good weather brings everyone out for an early clean up. If you still have some leaves left over from fall, we do not have the leaf machines out, you will need to bag them in biodegradable bags. Call the office, and leave a message of the location where they can be picked up, 724-838-4344. Brush is also being picked up. We are looking into some paving for this year. Hopefully, we can get a list together for the next meeting as we review the streets that have a four to five rating, five being a complete pave. That list will be based on funds that are available for paving this season. We will know better once we receive the contract pricing of asphalt for 2023. We have used less than 400 tons of salt this season. With winter not over as of yet, I am pretty sure we will be good with what we have left for the next month or so. Just a reminder to check out our Facebook page “City of Greensburg Public Works.” It has a lot of good information, and your morning look at the road conditions. Check us out and like us on Facebook. This concludes my report.”

Councilman Gregory Mertz, “Hello. I wanted to start off talking a little bit about demolition. There was a Trib article recently that talked about the issue of demo and blighted properties. It was well stated that taking down the blight is only one step. There’s a process to follow to turn that property into something beautiful. So, the first step is identifying the properties that need to be demoed, and we did that by entering the properties into the County database. The County made their software available to municipalities, and we entered the properties into the database. The County started their kickoff on demo with the Advanced Furniture building, and then they’ll move to residential houses. The Landbank who has acquired some of these properties, mainly the Advanced Furniture properties, and is working to put a subcommunity together of people who decide what should go there. It’s going to take a little bit of time before full development occurs, so they’re going to work to see how they can best use the space as a public space. So, the Planning Commission had a lot of ideas, and received a lot of public input of what would be good in Downtown Greensburg; and the best way to make decisions is going to be through a subcommittee. Probably the City would participate in, also GCDC, the County Landbank, and the residents. When Spring comes we’ll look forward to initiating the houses on the properties that have been put in for demo, getting that underway, while the Planning Department works to take the steps after. That’s my report.”

Councilman Randy Finfrock, “Thank you, Mayor. On the expense side of budget, if you take 12 months and divide them equally, we should be 8.5% after the month of January. Our expenditures are only 7%. So, on the expense side we’re doing very well, we’re under budget. The revenue side is even better. We are 18% of our budget, which is a phenomenal place to be, and this is actually 6% higher than where we were at this time last year. We were able to calculate our fund balance, rainy-day fund, whatever you want to call it, and our rainy-day fund balance is $1,100,000 for the year 2023. The bond rating people will love that. I think we’re in good shape, and we expect the whole year to go like this. Thank you.”

See the attached Fiscal Department Report.
